The image shows the BookStack logo, which consists of a stylized icon of three stacked books with a bookmark, followed by the text "BookStack". Below this, the text "Simple & Free Wiki Software" is displayed in a large, white, sans-serif font. To the right, there is a screenshot of the BookStack web application interface. The interface has a blue header bar with the BookStack logo and name. Below the header, there is a "Page Navigation" section with a list of links: "What is BookStack?", "How does BookStack Compare ...", "How will BookStack be used?", "Content to store", "Migration Overview", and "Goals of this Project". The "Content to store" link is highlighted with a blue square bullet point.
